Cape Canopy Tour®

Just an hour from Cape Town, the **Cape Canopy Tour** is situated in a World Heritage Site within CapeNature's Hottentots Holland Nature Reserve, located in the scenic Elgin Valley.

Voted 2nd best new activity in the world by Lonely Planet for 2015

The tour consists of eleven thrilling slides, some over 300m long, each ending on a platform constructed on the cliffs and fynbos covered mountain slopes above the Riviersonderend Gorge. A unique suspension bridge between a narrow sandstone ravine high above a spectacular double waterfall is guaranteed to be one of the unforgettable highlights of the tour.

Cape Canopy Tour is a fully guided nature experience with a strong emphasis on client comfort and safety. Two trained guides will accompany each group on the 4-5 hour tour. They will provide information about the endemic fynbos and geology of this unique World Heritage Site.

Cape Canopy Tour is suitable for almost all ages (5 –75years is the recommended limit) and will operate in most weather conditions (rain gear is provided).
