TABLE OF CONTENTS

SECTION 1: ENHANCEMENTS 3

ECOMMERCE 3

SECTION 1 – ENHANCEMENTS

ECOMMERCE

1. The Booking Engine will no longer look at the SRS for the commission % (For the trade discount transactions). The Booking Engine will look at the commission % setup on the SHD under eCommerce.
2. If the ID / Code entered is NOT Semper's Bpay account ID then we won't calculate or download the trade discount for bookings made via the Booking Engine for these clients.
3. When calculating the Trade Discount (Online Reservations) amount based off the commission % entered on the SHD, VAT must be added onto the amount.
