SECTION 1: BUG FIXES

RESERVATIONS

Casual Sales

1. When charging products on a casual sale, there is a delay before the product is charged.

Cash-up Management

2. Internet Payment, payment type transactions must not be included under the "Other Total Payment" column. It must only be included in the "Credit Card" column.

POINT OF SALES

Transactions

1. When selling a recipe product, the cost price was calculated incorrectly.
2. Corrected cost prices of recipe transactions previously sold with the incorrect cost price.
