BUGS

1.1 SEMPER WEB

RESERVATIONS

Reservation Details

Activity Log

1.1.1 Could not generate the **Activity Log** report directly from a reservation, an error would occur.

SETUP & ADMIN

Venue Settings

Auto Cancel

1.1.2 When the **warning** and **cancellation emails** were sent at the same time, the HTML code was displayed in the emails instead of the formatted text.

Room Rates

1.1.3 The **Retain Weekday Rate Pattern** setting was disabled for selection on all Rate types. This setting must only be disabled for **Monthly Rates**.

STOCK CONTROL

Purchase Orders

1.1.4 Deactivated suppliers were displayed in the **Suppliers** list for selection when creating a new **Purchase Order**.

REPORTS

Product Movement

1.1.5 When generating the report from one **Stock Take** to another, not all products on the selected **Stock Takes** were displayed on the report.
